

Library Launches PLYMC Mobile App for Smartphones

YOUNGSTOWN (May 23, 2011/For Immediate Release)– Don't you wish you could take your Library everywhere with you? Now you can. Yes, there's an app for that! www.libraryvisit.org/PLYMCmobile

The Library's mobile app is compatible with all web-enabled phones, such as the iPhone, Android, Blackberry, Blackberry 12ME, Palm OS, Symbian 560, Windows Mobile. And the iPad. Just search for "PLYMC" in your app store, or visit the Library's mobile app web page and look for a QR code that will take you to the app which is suited to your phone.

The PLYMC mobile app isn't just another pretty face. This app is fully functional and loaded with features. You can use it on the go to search the Library's catalog, reserve and renew books, view your Library account, browse through new books, find library nearest you/view it on a map, see library hours, find upcoming events, use online databases, connect with the Library on Facebook, see the Library's YouTube videos, news and so much more.

The app offers features that will help students with research and homework. Business professionals will benefit from database offerings. Readers can browse the catalog and see what materials are new at the Library. The possibilities are endless.

PLYMC mobile is presented in partnership with Boopsie, Inc.
