This list reflects the periodical holdings of the Main Library and all branches of the Public Library of Youngstown and Mahoning County. If the Main Library owns a title, its locations at Main are shown in the first part of the list of holdings for each title. Next, shown for each title is the online availability within paid online resources or from free websites. Finally, Branch holdings are listed alphabetically by branch abbreviations, and all but the latest issues can be checked out unless noted. Children’s titles are highlighted in blue, while Young Adult titles are in green. Click here for a list of titles by subject heading. For online periodical indexes, go to the Online Resources page on the library’s website at http://www.libraryvisit.org/research/online-resources. Available from Kent State University Libraries, use Journal Finder to identify which magazine database a journal can be found.

To do some basic keyword searching online for the *Vindicator:*
1. Open [MyHeritage Library Edition](website)
2. Click Newspapers (found down the right column of Categories)
3. Choose Ohio Newspapers
4. For best results, type entire name or business in the Last Name field
5. Type Youngstown in the Publication place field.
6. Click Search
Note: Keyword searching does not always work. Articles may exist, but still not be found this way due to poor digitization or missing issues in the Google Newspaper Archives.
1869-6/2009 (incomplete) – [Google News – Newspapers](website) – browse newspapers by date

To browse the *Vindicator* by date:
1. Click on the title the newspaper had for the time period you need (see list & links in entry above)
2. Choose to browse for a specific Day (mm/dd/yyyy), Week, Month, Year or Decade
3. For Date, at a minimum, type in a four digit year
4. Use the arrows to browse through the available dates
5. Click on View All to see all the issues available in a week, month, or year
6. Click on the newspaper image of the issue you want in order to open it
7. Now you can Scroll through the pages of the newspaper
For more detailed instructions, see: Searching and Browsing the Google News Archive
Note: There are many missing issues/dates. Plus, some dates actually have 2 or more days of the newspaper linked together.
